

# MediKredit NAPPI Changes and Information

**Circular Number:** N023/2011  
**Circular Date:** 6 October 2011  
**Effective Date:** 15 October 2011

## Important notice

Previously Section 21 NAPPI codes were allocated a pack size of 1 unit e.g. 1 tablet.

This created confusion in the industry for products where pack size was not 1 unit.

The NAPPI Advisory Board (NAB) has therefore agreed that the pack size be changed to the actual pack size of the product e.g. 30 tablets and that NAPPI codes for new Section 21 products be allocated a pack size that reflected the products' actual pack size.

This has resulted in the change of the NAPPI suffix codes for products listed in the table below.

The old NAPPI suffix code will be terminated and the new NAPPI suffix code will be released to live on 15 October 2011 with the same effective date as the old NAPPI suffix code.

### DETAIL TABLE

SUPPLIER	OLD NAPPI CODE	PREVIOUS CAPTURED PACK SIZE	NEW NAPPI CODE	ACTUAL (NEW) PACK SIZE	PRODUCT DESCRIPTION
Abbott Laboratories SA (Pty) Ltd	715497001	1 unit	715497002	5 unit	Noradrenaline concentrate for solution 2ml amp (section 21)
Adcock Ingram - Critical Care Ltd	706806001	1 ml	706806002	20 ml	One alpha (section 21) 2 mcg per 1 mL
Adcock Ingram - Critical Care Ltd	706807001	1 TAB	706807002	90 TAB	Foznol (section 21) 250 mg
