

# MediKredit NAPPI Changes and Information

Circular Number: N028/2018  
Circular Date: 17 August 2018  
Effective Date: 1 October 2018

## Important Notice

### SECTION 21 NAPPI CODE PRICING CHANGE

Most medical schemes use the NAPPI code price to reimburse healthcare claims hence the current NAPPI Allocation Policy as approved by the NAPPI Advisory Board (NAB) requires the NAPPI code prices of Section 21 products be inflated by 15 % to allow for exchange rate fluctuations to avoid short-payments on these products.

The industry has requested that the 15 % buffer be removed and that the actual product price be linked to the Section 21 NAPPI code. Should the price change due to exchange rate changes, it is the responsibility of the supplier to notify MediKredit of the updated price. This policy change was approved by the NAB at the last board meeting.

As of **1 October 2018**, the price of all Section 21 NAPPI codes will be updated with the actual price of the product as provided by the supplier.

Should you require any further information about this change, please contact Thealdi Mitchell or Annelize Basson on 011 770 6000 or email [productfile.nappi@medikredit.co.za](mailto:productfile.nappi@medikredit.co.za)
